## Introduction

*"Why, man, he doth bestride the narrow world  
Like a Colossus; and we petty men  
Walk under his huge legs, and peep about  
To find ourselves dishonorable graves.  
Men at some time are masters of their fates:  
The fault, dear Brutus, is not in our stars,  
But in ourselves, that we are underlings."  
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

**14 Sep 2009** (18 Aug 2009 to 10 Oct 2009)

TRANSITING URANUS TRINE RADIX NORTH NODE - New experiences abound prompting a change of direction more in line with your true purpose in life. This could involve meeting new groups of people, an exciting new relationship, change of career or new interest. It could also involve metaphysics, science, environmental interests or technology. This is a metaphysical time during which you have the opportunity to become more alive and open to life's excitement. It's also possible that you will take up activities that, although not obviously linked with your ultimate purpose, will stand you in good stead later in life. Our own ideas of our true purpose at one stage in life may differ at a later stage. So keep an open mind and make the most of any opportunities that pass your way.

**4 Sep 2009** (27 Aug 2009 to 12 Sep 2009)

TRANSITING SATURN CONJUNCTION RADIX MARS - Delays and frustration mark this stage of life. The extent to which you experience these obstacles depends largely on recent past events. If you have been working steadily towards a certain goal, making sure that you lead a balanced life, then you are likely to use this time to further your goals. You continue to work steadily and patiently to achieve success - whatever that represents for you. You understand that "all good things come to those who wait" and are willing to continue to work through any obstacles slowly and surely. Right now you have great determination and drive to achieve your goals despite the apparent obstacles. However, if you have been leading an unbalanced life, or have not tackled past projects with integrity then you may find this period quite difficult. Other people now clearly tell you the consequences of your actions and you may not like the results. This could involve a lack of cooperation from friends, colleagues and loved one or it could mean that you experience serious setbacks in your personal and/or work projects. You may feel that you are beating your head against a brick wall. You are currently required to expend a lot of energy in an effort to push forward with your ambitions. You must be careful not to overdo it. With wise and considered action you can overcome any obstacles and achieve much.

**5 Sep 2009** (27 Aug 2009 to 15 Sep 2009)

TRANSITING JUPITER SQUARE RADIX CHIRON - This is a time during which you are forced to

face painful memories, which have haunted you in times gone by, and move into areas that are linked straight to your heart. One person, an important teacher or healer, may enter your life to help you grow in ways you never thought possible. It is also possible that you are forced to face your fears of inadequacy or past inhibitions in order to truly express your own teaching and healing talents. Either way the path may be painful, but the result will be wisdom gained through experience.

**6 Sep 2009** (28 Aug 2009 to 16 Sep 2009)

TRANSITING JUPITER TRINE RADIX SATURN - You have the ability to create a fortunate balance between fun and work. You shoulder your responsibilities while at the same time making the most of new opportunities to expand your world. You feel confident in many areas of your life, as you use your good judgement to make decisions that have the potential for long-term success. It is a time when you can tap into your own wisdom. Business dealings may prosper. The only drawback could be that you take this time for granted and let opportunities slip through your fingers. In other words "wise and considered action" is what is needed.

Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug

**10 Sep 2009** (2 Sep 2009 to 18 Sep 2009)

TRANSITING SATURN SQUARE RADIX NEPTUNE - This is a time of confusion, lethargy and possibly depression. It is as if everything has taken on a dull sheen. Everyday tasks take on mountainous proportions and you are often tired. Perhaps you need a good holiday? If possible, you could really benefit from some time in natural surroundings such as by the ocean, or in the countryside. It is also the ideal time to treat yourself to some time listening to soothing music or attending inspirational concerts, theatre, dance, opera or film. In fact you may also enjoy taking up a creative pursuit. Rather than force yourself to shoulder too many responsibilities, take some time to contemplate your life in a gentle, reflective light. This is a good time to replenish your dwindling energy. If you take the time to soothe your troubled soul now, then you will be feeling refreshed and ready for the next phase of your life.

Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug

**2 Oct 2009** (7 Sep 2009 to 3 Nov 2009)

TRANSITING URANUS SQUARE RADIX NEPTUNE - During this time you could fall prey to

deception, either your own self-delusion or someone else's veiled actions. This time can be tense as you are unsure about exactly what is going on. While this time can be beneficial for the type of tension sometimes needed in a creative project, it is normally not a good time to be entering major business deals or making life-changing decisions. You would do better to rest, relax and avoid meeting difficult situations head-on.

TRANSITING SATURN TRINE RADIX SOUTH NODE - Destiny beckons for now is the time for you to reap the rewards of past actions and receive benefits which enable you to achieve your life purpose. Doors will open in some areas of your life freeing you to move forward in life. Acceptance is easy at the moment for you can see other doors opening, paving the way for you to pursue your personal destiny. A chance encounter with a significant person, an offer to join a group of people who will help you on your path or an event will change the shape of your future. These are just some of the possibilities open to you.

*19 Sep 2009 (11 Sep 2009 to 27 Sep 2009)*

TRANSITING SATURN TRINE RADIX VENUS - This is a time of balance and harmony in your relationship with your loved one. You feel happy, secure and confident and this has a positive effect on those around you. Your partner appreciates your strength and wisdom, as you strike a happy balance between work and social life. Now is the time to work slowly but surely towards attracting the people and things in life which give you pleasure. If you are not already in a relationship, you may have the opportunity to form a new and beneficial one. If you are married then you are likely to enjoy your spouse's company. It is a good time to go out and enjoy artistic pursuits. Your finances should also improve during this phase. Careful planning and consideration can go a long way during this phase to help you achieve love and financial rewards.

*23 Oct 2009 and 9 Jan 2010 (25 Sep 2009 to 3 Feb 2010)*

TRANSITING URANUS OPPOSITION RADIX MARS - Right now you are restless! Urges that you never knew you possessed are coming to the surface and refuse to be ignored. You feel like a "cat on a

hot tin roof", as the saying goes. The more you have suppressed your natural instincts during your life so far, then the more agitated you are likely to feel during this phase. If you have been fortunate enough to express yourself freely during your lifetime then you may be less agitated, but still eager to let off some steam. It is also possibly that it is not you who is experiencing this restlessness, but someone close to you. It is most likely to be a man rather than a woman, who is testing your patience. Events and other people are likely to act in an unpredictable fashion threatening your usual sense of security. The combination of the two planets Uranus and Mars is a challenging one. The challenge is to find a positive outlet for the pent-up energy that surrounds you, either your own or someone else's. Participating in sports can be highly beneficial, however; it is vital that you avoid all daredevil sports during this phase. You are particularly accident-prone during this transit and should avoid taking unnecessary risks. Therefore you also need to take extra care when driving your car or heavy machinery. This can be a highly productive period of your life if you can exercise patience and understanding while finding a positive outlet to express yourself.

***3 Jan 2010 and 24 Jan 2010 (9 Dec 2009 to 18 Feb 2010)***

TRANSITING SATURN CONJUNCTION RADIX ASCENDANT - You are beginning an important new cycle in your life. In the past few years you have been reflecting on certain aspects of your life, reassessing your goals and redefining your sense of purpose. Now it is time to take responsibility for yourself and to consolidate your life's ambitions. The actions that you take now are likely to affect your life for many years ahead. If you have been working, behind the scenes, on a particular career project during the past few years then now it is time to claim the recognition that you deserve. You need to step forward and take the credit. If you have been planning something more personal, such as starting a family, then now you may bear a child. It is the birth of something new in your life, probably something that you have been working towards for some time. You may have to shoulder extra responsibilities during this phase. As such you would be well advised to start a new health program, if you have not done so already. It would also be wise to shoulder these new tasks with a good grace rather than allow yourself to feel over-burdened and resentful. It is up to you, not others, to get the support that you need to achieve your own goals and dreams. However, if you are in a business partnership or marriage, you may feel the need to make changes that are more conducive to this next phase of your life. You may feel a little cut off from other people, isolated as you come to terms with yourself and your role in key relationships in your life. You may enjoy the isolation or it may feel burdensome. Either way it is best to accept the circumstances and work within the limitations. In some cases your marriage or business partnerships may end if adjustments can't be made to incorporate your needs and ambitions. The benefit of this time is to give you a clearer idea of who you are in essence and how you want to relate to the world. You may also need to pay attention to your physical health. Now is the right time to be making changes that benefit your health such as starting a new exercise regime or eating healthier food. If you have been feeling unwell then you would be well advised to have a health check up. In other words you need to take charge of your life. You then have the ability to put the appropriate structures in place to help you achieve happiness and well-being.

***13 Jan 2010 (16 Dec 2009 to 10 Feb 2010)***

TRANSITING SATURN SQUARE RADIX MIDHEAVEN - Right now you are reassessing the direction of your life. This is likely to be an examination of your career options, however; it could also involve a decision regarding marriage or becoming a parent or a decision to purchase or sell a home. It is time to find the right balance between your professional goals and your family life. If you have been focusing on your career then you may now need to turn your attention to your marriage and family life. However, if you have been concentrating on marriage, home or family, then now you may be required to set some career goals. In other words this is an important time for reflection on and reassessment of your life goals. You may question past decisions and decide that you are ready for a change of direction. Alternatively you may be happy with your decisions and want to build on the foundations. The more your life has been out of balance the more you feel the effects of this transit. It is important that you carefully consider the best way for you to lead a purposeful and meaningful life. Whether you

find this process easy or difficult, it is time for some decisions. Therefore, it is important that you take the necessary time to ponder any proposed changes, carefully considering both the short-term and long-term consequences. You are sowing seeds which can reap great rewards in the future.

**30 Dec 2009** (24 Dec 2009 to 3 Jan 2010)

TRANSITING JUPITER TRINE RADIX PLUTO - You strike the right balance between confidence and persistence required to propel you towards your goals in life. You are confident and feel powerful and in control of your life, and others notice. Therefore you may find that career promotion and recognition play a prominent role right now. It is a good time to make the most of any opportunities for advancement that come your way, as your judgement should be sound.

This time can be tense as you are unsure about exactly what is going on. **7 Feb 2010 and 8 Jun 2010** (7 Jan 2010 to 18 Jul 2010)

TRANSITING PLUTO SQUARE RADIX ASCENDANT - Tension arises in your relationships now. If you are married then unresolved problems are likely to arise now. This can be a positive event enabling you and your spouse to face the truth and resolve conflicts once and for all. The path to resolution may be a little rocky with you or your partner questioning the heart of your marriage. On the other hand you may discover a new sense of purpose in your own life, and in your marriage as a result of this period of soul-searching. If you are not married then you may meet someone now who challenges your beliefs and values. Perhaps you have always avoided marriage and yet this person seems too good to let go. Alternatively your new lover may not be ready, or available, for commitment. This in turn challenges you to question your direction. Any business partnerships can

also be influenced now. You may question and end a long-term business partnership or start a new one. You would be well advised to obtain legal advice before proceeding and to conduct your business negotiations with integrity. The same can be said for your marital relations. Affairs of the heart can provide a temporary outlet for pent-up feelings, but you will still be required to resolve any marital problems and chances are that your affair will be revealed. The time has come for you to face the truth about your own needs, and what you value in a committed relationship. Focus on the positives, while acknowledging the changes that have taken place in you. Then communicate these needs in the most compassionate and honest manner you can with your marital and/or business partner. As a result you will move forward with relationships that enrich your life.

**9 Feb 2010** (13 Jan 2010 to 8 Mar 2010)

TRANSITING NEPTUNE TRINE RADIX PLUTO - Spiritual power that comes from within blossoms during this transit. You find that you feel powerful and at-one with yourself and the cosmos with no need for external confirmation of your unique talents. Therefore opportunities abound for advancement along your chosen path as others recognise your strength and integrity.

**22 Jan 2010** (18 Jan 2010 to 26 Jan 2010)

TRANSITING JUPITER SQUARE RADIX URANUS - During this transit you tend to feel irritable and frustrated as you want to break free of past restrictions. Rebellion can be a major problem, particularly if you feel that something or someone is standing in your way. The trouble is that you have your sights set unrealistically high and lack your normal powers of discrimination. Life takes on a reckless quality as you crave excitement. It would be better if you could make the most of new and exciting opportunities while showing some restraint and wisdom.

Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug

**22 Jan 2010** (18 Jan 2010 to 27 Jan 2010)

TRANSITING JUPITER TRINE RADIX JUPITER - Lucky in love and life can be the catchphrase for this transit. Although it is not as powerful as some other Jupiter transits, it is a time of optimism and good fortune. Do not pass up opportunities, but use your discrimination regarding the opportunities that come your way. You may find that the opportunities that arise are connected with travel, study, and anything that expands your horizons.

Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug

**23 Feb 2010 and 20 May 2010 (19 Jan 2010 to 1 Jul 2010)**

TRANSITING PLUTO OPPOSITION RADIX MIDHEAVEN - This is a once in a life event that demands changes in your personal life, in particular in your home and family. Perhaps you have felt tied to your home and neighbourhood and now you want a change. You could move to the house of your dreams or possibly renovate your home to more closely suit your family needs. The initial disruption reaps rewards. If you are younger then perhaps you will start a family during this period. If you are more mature then perhaps a child will leave the family nest. It is also possible that a family member comes to stay. Whatever the scenario change is likely on the home front. These changes reflect a change within you. You are likely to feel a strong urge to break free and explore new territory. Perhaps you have wanted to move far away from family and friends, and start a new life in a different environment. Alternatively a close family member, on whom you had relied, may have moved away prompting you to reassess your own life. This period can be invigorating, but at first you may feel a little uncertain. Perhaps you feel that the ground is moving underneath you and it is difficult to find a foothold? In effect the foundations of your life, which you had believed to be sure, are cracking. You need to trust that something stronger and more stable will ultimately replace the old foundations. The process can be exciting if you enjoy the challenge of change, but sometimes you may feel vulnerable. There is no escaping the fact that now is a time of intensity and upheaval on the home front whether this is due to a positive event or a more challenging one. Your usual comfortable routine cannot be relied on. Therefore you are well advised to go with the flow rather than try to swim against the tide of change. You are being asked to delve into your personal life with a view to changing at a deep level. You will not feel like the same person by the end of this period. Ultimately this is a very rewarding time. Imagine a house that has never been renovated, that is neglected and allowed to slip into a state of disrepair. New owners move in and bring new life to the house, transforming it into something strong, beautiful and stable. Now imagine that the house is your life. At the end of this period you will feel strong, beautiful and stable. You will be able to tackle the next phase of your life with confidence and integrity.

**11 Feb 2010** (6 Feb 2010 to 15 Feb 2010)

TRANSITING JUPITER SQUARE RADIX MERCURY - Generally speaking this is a positive time during which you receive good news, positive outcomes to transactions and easy execution of your goals and plans. You are open-minded and eager to share ideas with other people. You are confident in your own opinions. However, you do have to be careful how you go about your business. On the one hand you are confident and optimistic and other people respond positively with special gifts, support and favours. However, you also have the tendency to be grandiose, lacking tact and diplomacy. In other words, if you are not careful, you can be opinionated and blunt. Others may be quick to point out these faults, which you find irritating rather than helpful. Before you know it your positive dealings have spiralled into a maze of mis-communications. This is easily avoided if you show some restraint in your communications with others. Once you have learned diplomacy then you are likely to benefit from anything that involves contracts, transactions, study, teaching, travel and the media.

TRANSITING JUPITER SQUARE RADIX SUN - Success is within your reach during this phase. You are reaching a point in your life whereby you can achieve your goals and make a positive contribution to society. You want to expand your horizons and have the ability to do so. Financial and spiritual riches are within your grasp through your own efforts and through benefactors. You are keen to make the most of the doors that are opening. However, you need to be wary of a lack of discretion and restraint. It could be your own lack of discretion or it could be someone else in your life. Either way excesses are to be avoided. Currently you feel tempted to pursue your goals no matter what the cost to yourself or your loved ones. It would be better if you could use this time to pursue your own goals, waiting patiently for things to run their own course.

TRANSITING JUPITER OPPOSITION RADIX MARS - You have plenty of drive and energy right now. This can be directed in to personal or work projects or perhaps a sport. You are keen to take the initiative and move ahead with your plans. Perhaps you have been planning to travel abroad or to study martial arts? On the other hand you may have been waiting for the go ahead on a special project or for a promotion at work. Now you receive the good news and are able to step into action. You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.

TRANSITING JUPITER SQUARE RADIX NEPTUNE - You are currently vulnerable to deception and disillusionment because the energies of this transit lead you to discard the more practical side of your nature in favour of a fantasy world. Your common sense has flown out of the window and you yearn for greener pastures. You may find yourself daydreaming of better times, or even taking up a fanatical religious pursuit. Therefore this is not the best time for making life-changing decisions or entering into agreements which demand clear judgement.

**6 Jul 2010** (27 May 2010 to 14 Aug 2010)

TRANSITING URANUS TRINE RADIX URANUS - You experience this transit at two different times in your lifetime, once at about 27 years of age, and again at around the age of 56-57. At both stages of this transit you are likely to have a positive attitude to change, actively seeking to satisfy your own aspirations in life rather than someone else's. New ideas and progress, either your own or other people's, are welcomed. You have opportunities to explore new and exciting experiences, if you so choose. These opportunities may arise in the fields of science, technology, or metaphysics, or you may enjoy implementing changes in any area of your life. This is a time when your originality and intuition shine and you reap the benefits. At the earlier stage you are likely to be making changes so that your life more truly reflects your own nature. This may mean breaking away from childhood influences, which were once comforting and supportive. As a young adult, you are now seeking more independence, secure in the knowledge that you have a greater understanding of your own nature and needs. During the later age phase you are reflecting on the path of your life, your achievements and failures. There is a point where you acknowledge changes that need to be made in order for you to live your life according to your own deeper desires. In looking back, you realise areas where you have compromised your freedom to the detriment of achieving your own goals in life. As a result you desire change and the freedom to assert your individuality. The goal at both of these stages of life is self-fulfilment.

**4 Sep 2010** (27 Aug 2010 to 13 Sep 2010)

TRANSITING SATURN CONJUNCTION RADIX ASCENDANT - You are beginning an important new cycle in your life. In the past few years you have been reflecting on certain aspects of your life, reassessing your goals and redefining your sense of purpose. Now it is time to take responsibility for yourself and to consolidate your life's ambitions. The actions that you take now are likely to affect your life for many years ahead. If you have been working, behind the scenes, on a particular career project during the past few years then now it is time to claim the recognition that you deserve. You need to step forward and take the credit. If you have been planning something more personal, such as starting a family, then now you may bear a child. It is the birth of something new in your life, probably something that you have been working towards for some time. You may have to shoulder extra responsibilities during this phase. As such you would be well advised to start a new health program, if you have not done so already. It would also be wise to shoulder these new tasks with a good grace rather than allow yourself to feel over-burdened and resentful. It is up to you, not others, to get the support that you need to achieve your own goals and dreams. However, if you are in a business partnership or marriage, you may feel the need to make changes that are more conducive to this next phase of your life. You may feel a little cut off from other people, isolated as you come to terms with yourself and your role in key relationships in your life. You may enjoy the isolation or it may feel burdensome. Either way it is best to accept the circumstances and work within the limitations. In some cases your marriage or business partnerships may end if adjustments can't be made to incorporate your needs and ambitions. The benefit of this time is to give you a clearer idea of who you are in essence and how you want to relate to the world. You may also need to pay attention to your physical health. Now is the right time to be making changes that benefit your health such as starting a new exercise regime or eating healthier food. If you have been feeling unwell then you would be well advised to have a health check up. In other words you need to take charge of your life. You then have the ability to put the appropriate structures in place to help you achieve happiness and well-being.

TRANSITING SATURN SQUARE RADIX MIDHEAVEN - Right now you are reassessing the direction of your life. This is likely to be an examination of your career options, however; it could also involve a decision regarding marriage or becoming a parent or a decision to purchase or sell a home. It is time to find the right balance between your professional goals and your family life. If you have been focusing on your career then you may now need to turn your attention to your marriage and family life. However, if you have been concentrating on marriage, home or family, then now you may be required to set some career goals. In other words this is an important time for reflection on and reassessment of your life goals. You may question past decisions and decide that you are ready for a change of direction. Alternatively you may be happy with your decisions and want to build on the foundations. The more your life has been out of balance the more you feel the effects of this transit. It is important that you carefully consider the best way for you to lead a purposeful and meaningful life. Whether you find this process easy or difficult, it is time for some decisions. Therefore, it is important that you take the necessary time to ponder any proposed changes, carefully considering both the short-term and long-term consequences. You are sowing seeds which can reap great rewards in the future.
